

How did an award-winning artist and sculptor, who owned an eclectic gift shop in Historic Biltmore Village, end up an option trading guru? Let's see

The need to take immediate control of her financial future after a devastating flood of their family business brought Wendy to option trading and the leverage it offers.

Inspired to help other women enjoy the financial security she had found Wendy launched WomenOptionTraders.Com and began giving online classes.

A natural-born teacher, her following grew quickly, and so did requests for an easy-to-understand book on options. So, in 2009 Wendy co-authored with Virginia McCullough the book, *Option Trading In Your Spare Time - A Guide to Financial Independence for Women*.

Insightful, comprehensive, and easy-to-read, the book received rave reviews. Then, in 2014, a major uprising ... online traders heard that Wendy's Family Financial Freedom© (F3 for short) produced an amazing number of winning trades, and they wanted in.

F3 employs a simple chart set and strategy where the whole family can learn and get involved. What a great gift to share with the whole family. Financial Freedom!

Wendy's F3 puts Fun, Fantastic, Financial, Freedom (wait, that's 4 Fs!) on YOUR side.
